

WALT Understand how Humanists find their truth

If I throw a stone into the air I believe that it will fall back to the ground. I believe this because.....

Once you have watched the part of the lesson that explains why we believe different things, match up these statements.

Faith
Reason or logic
Authority

Things we have read or heard from trusted sources
Thinking carefully and forming judgement
Believing without the need for evidence or proof

A Humanists would most likely use _____ .

Humanist use _____ and _____ to understand the world and find the truth.

When might a humanist change their belief?

Using what you know about Humanists believing in science and evidence to prove something is true, how might a humanists investigate these ideas?

I believe in the Loch Ness Monster because I read about it in a book.

I believe that if you eat bread crusts your hair will go curly because my mum told me it was true.

I believe that it is bad luck to walk under a ladder because lots of people believe it.
