

WALT Understand how Humanists work out what is right or wrong

We have to follow rules in.....

This is because.....

What do Humanists think about rules?

Humanists have their own set of rules written down in a special text.

True False

Once you have watched the part of the lesson that describes a humanists approach to rules, match up the correct statements.

Reason
Experience
Empathy

Thinking about how you might have felt in the past if this has happened to you.
Thinking carefully about the individual situation.
Imagining how someone else may feel and how your actions will affect them.

Describe the golden rule

How might a humanist respond to situation stated in the lesson?

Should you tell the truth and let your friend get hurt or lie to the older child? Why?
